The [petition process steps](#) remaining are as followings:

As detailed at [Reference B](#), there exists a significant “integrity gap” between “grass roots or delegate-level” [UCP Principles and Commitments](#) declared October 16, 2020, and actual experienced UCP governance. Tabling our petition now before the Legislative Assembly will raise needed awareness to Alberta parents and politicians, and ensure the issues/concerns and recommended remedy are not avoided (swept under the carpet) in the forthcoming UCP leadership campaigns and associated debates.

The draft recommended Private Member presentation text reads:

Mr. Speaker

It is my wish to present a petition on behalf of Bill 10 Court Challenge Organization. You will recall that the Jim Prentice Government in March 2015 passed Bill 10, frequently labelled in the media as the “Gay-Straight Alliance Law” or “LGBTQ Students’ Rights Law.” The petition signatories assert as a result of this governance all parents, whether religious or non-religious, whether with confused, wavering, straight, gay, lesbian, bisexual, transgender or queer identifying children, have lost the longstanding right to know who is influencing their children’s sexual development, where and when this is happening, and what their children are being told and doing while at school or related to the “GSA Club – GSA Network – LGBTQ Activist Chain.” The existing Alberta Education Act s.58.1 (1): Notice to parent, has little relevance or worth under these circumstances. Each Alberta student’s secrecy and consent independence from parents are in effect regardless of the child’s age, maturity, psychological or medical history, and family beliefs or values. In sum, the petitioners believe parent-child-state relationships have been radically, experimentally, and harmfully altered by this governance. Their petition reads:

To the Legislative Assembly of Alberta, in Legislature Assembled:

We, the undersigned residents of Alberta, petition the Legislative Assembly to urge the Government of Alberta to introduce legislation that requires children ages 5 to 15 to obtain parental consent before they become a member of a Gay-Straight Alliance (GSA) or provide a sexual orientation/gender identity (SOGI) self-identification to their school.

Thank you.

Some 733,000 Alberta children/youth (annually attending *Alberta Education* schools) and their parents are critically impacted by current SOGI-related governance. Moreover, some 50,000 cognitively vulnerable,

sexually wavering (between heterosexual and LGBTQ development paths), and/or sexually/gender confused students, should not be empowered to join the “*GSA club – GSA network- LGBTQ indoctrination pipeline*” without parental knowledge and approval. If not now, if not here (in Alberta under UCP Government), if not in the face of the governance issues impacting parental rights, children’s health, and family autonomy vis-à-vis the State; then when, for what reasons, and by whom, will a stand ever be taken, and a remedy ever implemented?

Sincerely,

Carman Bradley
