I draw to your attention the fact that some 60 percent of Albertans claim Christianity as their religion (Stats Canada 2011). Based on this percentage there are likely over 414,500 students attending Alberta schools with Christian religious backgrounds. Over the summer Bill10CourtChallenge.Org has developed three videos expressing a Christian perspective on *Bill 10 – An Act to Amend the Alberta Bill of Rights to Protect Our Children* and Minister Eggen's *Guidelines for Best Practices: Creating Learning Environments that Respect Diverse Sexual Orientations, Gender Identities and Gender Expressions*. These are:

- 1 – Gender Ideology Puts Our Children at Risk
- 2 – GSA Law Violates Freedoms of Religion and Association
- 3 – Discrimination in Child Rearing and Education is a Parental Right

A fourth video is currently in production, due for release near the end of September. It is titled – Institutional Bullying Violates Freedoms of Religion and Speech.

My request – please invest the time to review these presentations to understand a Christian perspective on Gender Ideology, GSAs and Parental Rights.

Sincerely,

Carman Bradley
