

## Institutional Bullying Violates Freedoms of Religion and Speech

Trustee

Please be aware, today I emailed the Minister of Education once more requesting that he clarify the government's interpretation of Alberta School Act Section 50.1. Previous dialogue with the Minister on this topic is recorded at:

[Email Chain Minister Eggen – Seeking Clarification of Alberta School Act Section 50.1](#)

Specifically, in today's email to Minister Eggen, I wrote:

I believe Alberta parents have the right to an unambiguous response (yes or no) to each of the following questions:

Q1 – For the purpose of implementing School Act 50.1, does the Government of Alberta interpret the term/topic/curriculum category - "human sexuality," to include/incorporate/cover all indoctrination in "*sexual orientation, sexual identity, or sexual expression*"? **Please Yes or No**

Q2 – Does the Government of Alberta declare that all School Boards should notify their district parents of courses of study, educational programs or instructional materials, or instruction or exercises, including subject-matter that deals primarily and explicitly with "*sexual orientation, sexual identity, or sexual expression*" for the purpose of allowing parents to opt their children out of this instruction? **Please Yes or No**

I respectfully ask that you answer Q1 and Q2.

In this regard, any clarifications that your School Board may wish to provide would be sincerely appreciated.

Please also be advised that a fourth video has been posted to [www.Bill10CourtChallenge.Org](http://www.Bill10CourtChallenge.Org). The video is titled: [Institutional Bullying Violated Freedoms of Religion and Speech](#). The presentation addresses institutional bullying by the Ministry of Education, the Alberta Teachers' Association, some school boards, and key Sexual Minority rights activists within the province.

The four video series includes 25 recommended remedies to bring about a better/fairer balance of Charter rights/protections, and a more mutually respectful "inclusivity" among key stakeholders – all students, all parents, all school boards/types, and the Education Ministry. The four videos are:
