Subject: Alberta Bill 10 and Bill 24 Analysis

It is good that the Conservative political voice in Alberta is united. Congratulations on this achievement.

The negative impacts of Bill 10 (and now Bill 24) legislation upon social conservative Albertans, if not all Albertans, are many and significant; more than just the matter of schools “outing” or “not outing” students who self-identify with the Sexual Minority and/or join GSAs.

I draw your attention to a website devoted to researching and explaining the impacts of Bills 10/24 and suggesting remedies to bring about needed balance in the legislations and associated Ministry of Education policies and guidance. Bill10CourtChallenge.Org has posted a 3 minute **Abstract and Summary**; a 60 minute **Synopsis**; a full version **Main Analysis Document**; and four key **Videos**:

- 1 – [Gender Ideology Puts Our Children at Risk](#)
- 2 – [Gay-Straight Alliance Law Violates Freedoms of Religion and Association](#)
- 3 – [Discrimination in Child Rearing and Education is a Parental Right](#)
- 4 – [Institutional Bullying Violates Freedoms of Religion and Speech](#)

Please have a review of this analysis or have someone on your behalf invest the time to see Bills 10 and 24 from a holistic and in-depth perspective.

Sincerely,

Carman Bradley
